

HUNDREDS OF MILES
OF TRAILS TO EXPLORE...

Riding ATVs is one of the most exciting activities that the Androscoggin Valley has to offer. The Androscoggin Valley is the capital of the ATV community on the East Coast. Explore our 1,000+ mile interconnected trail system, **Ride the Wilds**, which runs across Coös County, New Hampshire’s beautiful Grand North. Ride the Wilds offers three seasons of ATV riding with interconnected trails that make it possible to head out for a day or more without trailering your machine from one location to another. Androscoggin Valley is the Southeast Portal of the trail system, offering access to riding areas in the ATV-friendly towns of Berlin, Cambridge, Gorham, Milan, and Success. **Jericho Mountain State Park**, home of the annual Jericho ATV Festival in August, is just outside the communities of Gorham and Berlin and offers a great riding opportunity. The Ride the Wilds Corridor trail runs through the park and then heads north through Success and Cambridge. Along this section of trail, there are spectacular views to the south looking at the Presidential Range of the White Mountains. Androscoggin Valley has a number of dealers and tour operators to get you out and enjoying the fabulous trails, and the local community is fully geared toward making your ATV experience the best it possibly can be!
